

Assume that the Binding Theory holds of s-structure representations.

1

Explain what goes wrong in each of the following examples. Your explanations should be accompanied by parses. If there is more than one violation of the Binding Theory, your answer should include all of the violations.

1. * The kids₁ saw them₁ talk to each other₁.
2. * Each other₁'s kids₁ saw them₂ talk to each other₁.
3. * They₂ made Sherry₂ happy with each other₂.
4. * They₁ saw each other₁'s parents₂ talk to them₂.
5. * They₁ saw each other₁'s parents₁ talk to them₃.
