Assume that the Binding Theory holds of s-structure representations.

1

Explain what goes wrong in each of the following examples. Your explanations should be accompanied by parses. If there is more than one violation of the Binding Theory, your answer should include all of the violations.

1. * The kids$_1$ introduced Jane$_2$ to them$_1$.

2. * Each other$_1$'s friends$_2$ spoke to them$_2$.

3. * Their$_1$ friends$_2$ spoke to themselves$_1$.

4. * They$_1$ thought that each other$_1$'s friends$_2$ met the girls$_1$.
